To whom this may concern,

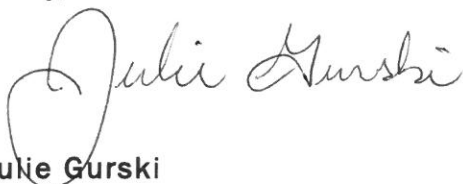

It is with pleasure that I recommend Latrese Haylock.

Latrese provided concierge services for Inspirato in the Grand Cayman location from July 2016 until Feb 2018. Her role included responsibilities of pre-arrival planning plus onsite concierge care, grocery provisioning and the report of property issues. Other requirements of this role were control of destination spend and expense reporting as well heavy emphasis on proficiency in our digital business platforms.

Over the course of her time with Inspirato, Latrese proved to be reliable, extremely organized, while also displaying a true self-driven commitment towards providing the highest level of service for our guests. She was extremely prompt and professional in all her communications and was appreciated for her solution-oriented approach to problem solving. Skills aside, her knowledge and expertise of the destination was a true asset and widely recognized amongst our guests.

I confidently recommend Latrese Haylock as a strong, pleasant, and hard-working individual for the The Cayman Islands.

Kindly,

Julie Gurski
Hospitality Services Manager, Caribbean
